Dear Mr. Miller:

I am in receipt of your letter and the packet of information you enclosed with the letter. We have carefully reviewed the information you provided. Unfortunately, the statute of limitations has run on the allegation of false swearing against Becky Hinkle. As to the perjury allegations, because the alleged perjury occurred during a civil matter the applicable charge would be false swearing.

I am sorry that you feel you have been wronged, but the West Virginia State Police is not able to provide any of the relief you have requested in this matter.

Sincerely,

Captain G.A. Ingold,  
Director, Professional Standards Section
